J. Maynard  
Wettlaufer

"To know music is to know life," J. Maynard Wettlaufer, recognized as a top man in his field, and author of "Building a Show Band" and other text-type books, knows music because it has been an integral part of his whole life.

J. MAYNARD WETTLAUFER

If his love and talent for music weren't so paramount, Mr. Wettlaufer might have enjoyed a career as a chemical engineer which would parallel his position in the musical world. While at Colgate University he was accepted as a full junior at M.I.T., but his musical talents were too salient not to be recognized. He won the coveted Music Composition Award and the Presser Foundation Music Scholarship.

We are fortunate to have so capable a man to be the Music Director of Freeport Schools. Born in Williamsport, Pa., he studied with the best at an early age, playing the piano, violin, viola, and French Horn. He has an A.B. degree (Colgate), Bachelor of Music (Gherwood Music School) and an M.S. degree in Educational Administration (Hofstra). Prior to coming to Freeport (1935), Mr. Wettlaufer was associated with band and orchestra programs in Harrisburg, Ill. University of North Dakota, and Williamsport, Pa. He instigated and successfully launched music and band programs with these institutions which won him national recognition. It is on the strength of the wealthy background that he was chosen to fill the vacancy caused by Peter H. Frey's death.

Today Freeport High School has gained an enviable reputation with its music program and has become a model for others to follow. This honor is due to Mr. Wettlaufer's efforts supported by the full cooperation of Dr. John W. Dodd, Superintendent of Schools, Martin M. Mansperger, Principal of F.H.S., and the other school authorities. Freeport High School's band is truly a "Show Band." It is a credit to whether at the Municipal Stadium, Ebbets Field, National Sportsmen's Show, in the movies, television, or on coast-to-coast radio programs, always proves to be the highlight.

He is either a member or on the board of directors of almost every major national and New York state music association; he belongs to Freeport Kiwanis, Spartan Lodge, is a director of church choirs, and Director-Conductor of the Freeport Community Symphony Society, in addition to his other associations. He has been continually listed in issues of "Who's Who." The Wettlaufer's (formerly Margaret Petter) have two sons, Richard, a student at E.I. Tech. Institute, and Lee, a freshman at F.H.S.

This is J. Maynard Wettlaufer, Director of Freeport High School's famous band.

### Sewer Commission Lets Contracts for Districts 13 and 15

Acts Immediately As Board Certifies Bonds Are Available for Areas

Immediately upon receiving certification from the Village Board that bonds could be floated for the financing of sewers in Lateral Districts 13 and 15, the Freeport Sewer Commission at a meeting Monday night awarded contracts to the lowest bidders in each of the projects. At another meeting the Village Fathers adopted a bond resolution providing for the floating of a \$420,000 issue to cover the estimated cost of the work in the two districts. The Commission awarded the contract for the work in District 13, which includes Woodcliff ave., and the area to the west, to George W. Sammis, on his bid of \$224,465. The work is expected to be completed by Dec. 31.

That for District 15, which includes St. Mark's ave. and vicinity, was given to the Zara Contracting Co., Inc., of Hewlett on its bid of \$51,704. The company has agreed to complete the project in 60 calendar days.

H. F. Kammeyer, representing an Italian concern, urged the Commission to consider the use of pipe made in Italy, on which he said there would be a considerable saving. However, he was advised he had entered the picture just a little too late. Chairman Leo Finkel said the commission would be interested in using the pipe in future contracts if it could meet the required tests.

### SUPERVISORS' MEETINGS

The summer schedule of the Board of Supervisors meetings in Mineola was announced this week by Charles F. Strohman, clerk of the Board. During June, July and August, the second and fourth Mondays: June 12 and 26, July 10 and 24, August 14 and 28.

Tax committee meetings will be "on call" instead of every Thursday. Monday's meeting of the Board has been put off a week because of the holiday. The Hempstead Town Board will meet on Wednesday.

### South Shore and Freeport Y.C.'s To Open Season On Memorial Day

Elaborate plans for the opening of the outdoor season on Memorial Day have been made by the South Shore Yacht Club and the Freeport Yacht Club.

The day's activities at the former will get under way at 11:15 A.M. with assembly on the guerdock. The flag raising will take place at 11:30 A.M., with Commodore Carl W. Schultze in charge. Sue Campbell will sing the National Anthem, accompanied on the organ by Lynn Thurston. Serving of brunch, which has taken the place of the commodore's breakfast in recent years, will follow at 12:30 P.M. Richard G. McClesney will officiate as master of ceremonies.

Following the repast, the members will board their boats and proceed to the first draw bridge where memorial services will be held. "Taps" will be sounded by two Navy buglers, one aboard the commodore's yacht and the other aboard that of Lester L. Wood, who is to serve as fleet captain for the day. The exercises over, the craft will proceed to Zach's Bay. On the return to the clubhouse dinner will be served and dancing enjoyed. Andrew McCarvell, chairman of the entertainment committee, will be in charge.

The commodore's breakfast of the Freeport Yacht Club will be served in Otto's, Woodcliff ave., from 9 to 11 A.M. The flag raising, which is to be an elaborate affair in charge of Fleet Captain Roland Thurlow, will take place at noon. Commander Michael Chalke and his officers will dress ship and a buffet luncheon will be served.

During the afternoon there will be games for "kids" from 6 to 60, including horse shoe pitching, baseball, egg races, sack races and the like for adults and a pie-eating contest with other events for the children. At 6 P.M. a venie roast will be served. The day's program will be in charge of Kenneth Eklod, the club's vice-commodore and Frederick J. Wolfanger, rear commodore, both of whom will assist in the handling of the day's events.

### Mayor Doozee Buys First Buddy Poppy

Mayor Robert H. Doozee opened the annual sale of buddy poppies by making a contribution to Mrs. Ruth Montross, chairman for the Ladies' Auxiliary of William Clinton Story Post, A.L. Proceeds from the sale of poppies go to help rehabilitate disabled veterans of World War I and II.

### Freeport Urged To Blaze Trail In Formulating Program For Ageing

Freeport was urged to blaze the trail for work among the ageing and the aged by developing a "Centre for the Older Adult, not fashioned out of one now in existence," but original

in its activities by Mrs. Henrietta Rabe, superintendent of education for this type of work for the New York State Education Department in a talk at a meeting of the community Council Monday night in the Municipal Building. Indicating it was her dream, Mrs. Rabe added: "Maybe you in Freeport can realize that dream, if not in total, at least in part."

Let's call it the Senior Citizens' Center, which would serve the entire older group in one way or another," she continued.

"Part of its function—only part—would be, social-recreational. May-

be it would have only one social club, but probably it would have several, appealing to different groups within the community, each meeting at a different time. But sponsoring these social clubs would be only one function of the Center. The place would be a beehive of activity—activities that would help the individual to develop skills for self-employment or for enriched living; information that would be beneficial to maintain good health, through preventative hygiene based on a knowledge of the diseases common to the older person; conservation of eyesight, accident prevention and changed nutritional needs in later life.

"There would be other activities to help him make better social adjustments to living alone, to living with married children and grandchildren, to living on a reduced income."

"The Center would perform another important function. It would make the community conscious of the resources of its older citizens, and would stimulate a greater use, community-wise of the services of (Continued on Page 4)

## Freeport Urged

(Continued from Page 1)

the retired people. It would then act more or less as a clearing house for services in the community. In time the retired people of Freeport would come to be considered an extra to the community instead of an extra of the community. Such potentials for community improvement are tremendous, and its potential for the individual would be equally tremendous.

**Some Things That Could**  
"We simply do not know what would happen to the so-called rigidity of old people if society were to build in them a new expectation—the expectation of a still more important job to do for the benefit of the total group, a job that would draw on their mature resources. A job that could not be tackled by the younger people because they were involved with a livelihood. It is at least plausible that if older people were enabled to look forward to a time when they could step up their experience to a level of social usefulness, we would have a new breed of older people.

"And one other thing, the Center would not only be concerned with the older group, but these in that chronologically vague period when trouble begins, the middle years—the person finding it difficult to find employment, the widow, the person wishing to prepare for retirement. It would offer help to the aged, as well as to others about the aged.

**Things Job Could Be Tackled**  
"Ideally the Center would have a counselor competent to give guidance service to those seeking it, either referring the individual to other agencies and specialists such as placement offices, agencies of vocational rehabilitation, psychiatrists and physicians with geriatric practice, or concerning activities within the Center itself."

Mrs. Rabe expressed the opinion that the job of undertaking such a project was not too big for the Council. After she finished speaking, the representatives of the various organizations present were urged to take the matter up with the individual groups to get their reaction before the Council did anything definite.

It was the annual meeting, and Samuel L. Israel was elected president, succeeding Mrs. Harold W. Badin, who has served in that capacity for two years. He immediately took over his new duties.

**Other Officers Elected**  
Elected with him were Ray E. Clements, vice-president; Mrs. Otto Becker, secretary; Mrs. Daniel Friedman, public relations; William J. Martin, Jr., treasurer; Russell E. Hotaling, Mrs. Elizabeth P. Kelly, Mrs. R. C. Harris, and Mrs. Arthur W. Harrigan, Jr., members of executive committee for two years, with Judge Hilbert R. Johnson, William S. Hughes, John P. DeLorme and Mrs. Frank Varnus for one year.

Harold E. Pearson, of the Board of Education, explained the need of a new school for the southwestern part of the village.

## 'Star Night' Proves Boon to South Nassau Hospital Campaign

**Capacity House Enjoys Performances by Noted Amusement Personalities**  
Success crowned the "Star Night" given in the Grove Theatre Tuesday night for the benefit of the expansion fund of the South Nassau Communities Hospital. The house was filled to capacity and many who would have liked to attend were unable to gain admission.

And it was truly "Star Night." Seldom has such an array of leaders in the theatrical, radio, television and concert world, been gathered at a single event as that which performed for the hospital campaign fund. So numerous were the entertainers that it was long past midnight when the last act was finished, but few left the theatre so entertaining was the program.

Some of the staid members of the community were treated to a unique experience. In one act a group of about 20 girls, mingled with those in the audience and invigiled about 15 men to accompany them back onto the stage. There they were decked out as warriors, war paint and all, and induced to do a war dance. It was a scream. In the group were Mayor Robert L. Dosses, who earlier in the evening had extended a welcome to all in the audience, and Dr. John N. Shell. The proceeds of the event will add a substantial amount to the funds already raised.

## Workers Worried As Salvation Army Contributions Lag

Only \$2,000 Raised As Campaign Nears Close; Goal \$6,500

With only \$2,000 given toward its \$6,500 goal as of Monday night, Horace E. DeLisser, campaign chairman for the Freeport Salvation Army fund raising drive and his workers were considerably worried about the prospects of going over the top. Entering the last week of May when the campaign is supposed to be brought to a close, they saw little prospect of attaining the figure they had in mind when the campaign was so confidently opened the first of the month.

Chairman DeLisser was inclined to attribute the slowness of the returns to the fact that people have been besieged for contributions for many worthy causes month after month. He pointed out that all funds collected by the Salvation Army are spent in carrying on relief and other beneficial work right here in Freeport. If the drive falls short of its goal, he added, the work of Major Ernest W. Newton and his associates will be limited. Therefore he issued an appeal for a liberal response during the closing days of the drive to make it a success.

Another report meeting will be held Monday night in Headquarters, 75 Church St.

## Legionnaires Line Up for Circus Tickets for Benefit Show

CHECKING IN:—Legionnaires form a "chow line" to pick up ticket allotments for benefit performance to Ringling Brothers and Barnum & Bailey Circus at Westbury, June 9 and 10. This two-day engagement is sponsored by 40 Long Island American Legion Posts. Funds raised will be used for welfare work among permanently disabled veterans in military hospitals. Facing the line, and handing out tickets are, left to right, George Kilgus, County Council, Vice Commander; John E. Fitzgerald, ticket chairman, and Gene Schuff, managing director.

## Story Post Joins Legionnaires In Bringing Circus To Westbury

William Clinton Story Post, A. L., is one of 40 units in Nassau County which are co-operating in bringing the Ringling Bros. and Barnum & Bailey Circus to Long Island for a two-day benefit showing on Thursday and Friday, June 9 and 10 with two performances daily in Westbury. Tickets may be purchased at the Dugout.

Under the Legion plan, donations for welfare work among 8,000 permanently disabled veterans in Long Island military hospitals may be made by purchasing circus tickets. The amount of the donation is printed on each ticket and can be deducted from income tax. For instance, the purchase of a six-dollar reserved seat provides \$4.80 for the Legion, and 20 cents Federal tax, with the remaining dollar going to the circus. Reserved seats are scaled at three, four, five and six dollars each. Regardless of the price paid for each ticket, only a dollar goes to the circus. All of the remainder except 20 cents Federal tax, goes to the Legion, and every cent above actual cost, according to Gene Schuff, managing director, will be used for welfare work.

The Circus at Westbury will exactly duplicate the Madison Square Garden engagement. It will be shown under canvas in true circus fashion with all the glamor of the

Yes, it is rather a grim prospect—the suggestion that you, or some member of your household, may be afflicted by a lingering illness. But the best way to avoid that contingency is to watch early symptoms, act promptly and decisively to scotch them. Right now, if illness threatens, consult a Doctor. And may we remind you that this pharmacy is at your service in carefully compounding the Doctor's prescriptions?

## Col. William Davidson Addresses Rotary Club

Col. William Davidson, principal of the Salvation Army Training College in New York, addressed the Rotary Club at its weekly supper Thursday night in the Elks club house. He was introduced by Major Ernest W. Newton, commander of the Freeport corps.

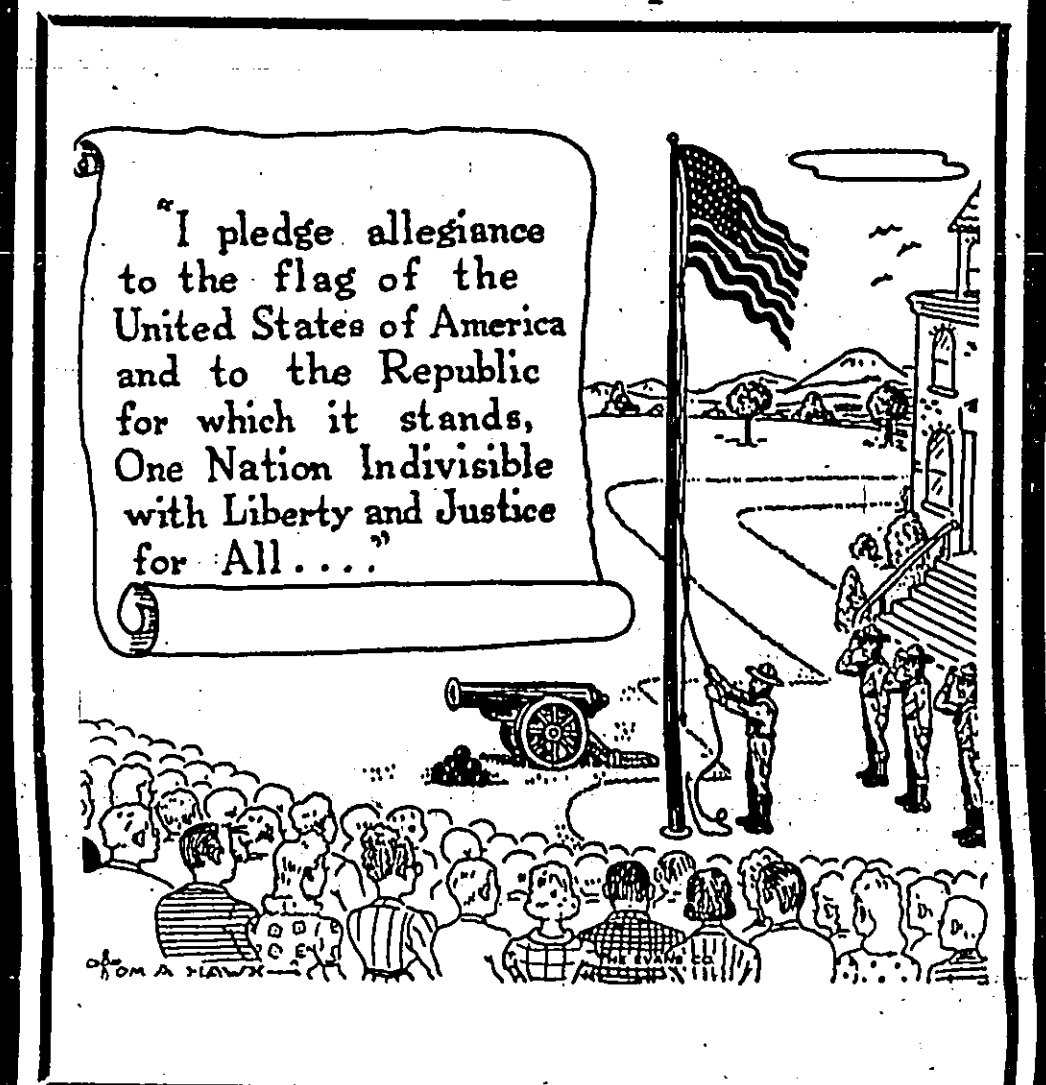

Col. Davidson contrasted the growth of the Salvation Army in the United States from one man and seven lasses who arrived at the Battery in New York from England 70 years ago, with its 2,000 centers scattered throughout the nation today. He spoke of its numerous projects here and abroad, saying the organization was endeavoring to live up to its slogan, "Where there is need there is the Salvation Army."

Sgt. Major James Dixon, of Belfast, Ireland, brother-in-law of Col. Davidson, who is in the country, attended the supper also. President Ray E. Clements presided.

## The Leader Bookshelf

By MRS. ELIZABETH F. KELLY  
Librarian, Freeport  
Memorial Library

Those who saw the Broadway production of "Life With Mother" will recall with delight the scene in which Father's old girl friend Beatie appeared. As Beatie, Miss Gladys Hurlburt, a stock-company veteran, realized her life-time dream.

Miss Hurlburt has written "Next Week—East Lynne!" a nostalgic and humorous account of life and experiences in the old stock companies. Those of us who remember the treat it was to be taken as children to see the old melodramas and comedies will read with great enjoyment of Miss Hurlburt's life backstage. Your reviewer is more than inclined to agree with Howard Lindsay and Russell Crouse when they say in the introduction to their friend's book "There are two kinds of people; those who remember the funny things that happened to others and those who remember the funny things that happened to themselves. Psychiatrists might look into this phenomenon with profit. What is of great profit to the American reading public is that Gladys Hurlburt falls into the latter division.

("Next Week—East Lynne!" by Gladys Hurlburt—Dutton & Co. \$3.00 1950).

For years, many have enjoyed the excellent work of Ruth Chatterton as an actress. Now we have her first book "Homeward Bound" which shows much promise.

Pax Lilaleton, before her marriage the daughter of the president of a small Vermont college, was not too well adjusted, according to modern psychiatry. She did meet a young college student to whom she immediately lost her heart.

Then, as all through the book, she took her problems to Phil, a young college professor.

When the story opens, Pax's husband is in Germany with the Army of Occupation and she and her teen age son are living in that same college town. But Pax is restless, feels she should be doing more for humanity. It is then she

brings Jan, back from New York City where he has recently arrived from overseas, to share the home. Jan must be completely rehabilitated. He does not speak English there are behavior problems, he has known life in concentration camps and barbed wire fences have a certain definite meaning for him. This book portrays the probable experience of many children of today. Fortunately for Jan, Pax with Phil's help again is able to deal wisely with most of the difficulties. Perhaps this book of fic-

tion brings to your attention and to the reviewers a condition that may be being enacted if not in our block, in a nearby one. It should help us deal with it in an understanding and sympathetic manner.

### Christian Science

"God the Only Cause and Creator" is the lesson-subject for Sunday, at 11 A.M. in the First Church of Christ, Scientist, West Merrick rd., at Elm pl. The golden text is "He is the form of all things; and Israel is the rod of his inheritance." The Lord of hosts is his name" (Jeremiah 10:16). The sermon will be from Acts 15:18; Romans, 11:33 and 36, King James version. "Known unto God are all his works from the beginning of the world. . . O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments, and his ways past finding out! . . . For of

him, and through him, and to him, are all things: to whom be glory for ever. Amen."

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "God is individual, incorporeal. He is divine Principle, Love, the universal cause, the only creator, and there is no other self-existence. . . Divine metaphysics, as revealed to spiritual understanding, shows clearly that all is Mind, and that Mind is God, omnipotence, omnipresence, omniscience—that is, all power, all presence, all Science. Hence all is in reality the manifestation of Mind" (pp. 331, 276).

## Power Squadron Honors Lumley And Harkins

**Presents Gifts to  
Retiring Officers  
At Annual Dinner**

Edmund Lumley, jr., who served as commander of the South Shore Power Squadron last year, and James J. Harkins, who has just retired as secretary after filling the office for fifteen years, were honored at the 17th annual dinner-dance of the Squadron Saturday night in the South Shore Yacht Club. Commander Earle Cadwell presented Mr. Lumley a chronograph's clock on a mahogany base and Mr. Harkins a wrist watch. During his fifteen years in office Mr. Harkins was absent from just one meeting because of illness, the commander announced.

Nearly 300 persons attended the dinner. Chairman Sumner W. Steele, was taken ill about a week ago, so was unable to be present, but a birthday cake which was to have been given him to mark his natal day on Sunday was placed in the custody of his wife to be delivered to him. I. V. Smith, lieutenant commander, took charge of the dinner arrangements after Mr. Steele was forced to relinquish them and was commended by Commander Cadwell on the success of the event.

Rex T. Taylor, of Brooklyn, district commander, spoke briefly. Others present at the head table were Commander and Mrs. Herbert C. Benjamin, of the Little Neck Bay Squadron; Commander and Mrs. Temple H. Tweedy, of the Neptune Squadron; Commander and Mrs. Jules A. Shaper, of the Brooklyn Squadron; Commander and Mrs. Milton C. Peterson, of the Bayside Squadron; Commander and Mrs. Archer Quick, of the Great South Bay Squadron; Commander and Mrs. Henry Cramer, of the Clifton Bay Squadron; Commander and Mrs. Chubb, of the Peconic Bay Squadron; with Junior Staff Captain and Mrs. Garnet A. Seale of the Third Squadron District.

At the dinner-dance of the South Shore Power Squadron in the South Shore Yacht Club, left to right, Rex T. Taylor, Commander, Third District, U. S. Power Squadrons; Earle M. Cadwell, commander South Shore Squadron, and Col. Bernard S. Barron, of Third District U. S. Marine Corps.

Col. Bernard S. Barron, of the U. S. Marine Corps Reserves, who has been associated with the South Shore Squadron in the annual maneuvers, sketched a history of these events since 1935, when the first was held with 30 boats and 200 Marines participating, off Point Lookout. In 1938 57 boats took part in the maneuvers off Fire Island. Col. Barron who served with the Marines at Guadalcanal and other places in the Pacific during World War II told of the value the experience gained in the maneuvers had proven to the men in actual combat. He pointed out that while over-all average of casualties suffered by the Marines was 78 per cent, the men from the Third District had only 24 per cent casualties.

"Ed during your term as commander of the squadron last year, you served us brilliantly and well. Your initiative and carry through were marked particularly in the re-organization of our divisional organization. You have set a standard for the officers and commander which will long be remembered. And the squadron has asked me to present to you with their thanks this moment which we hope will serve you long and faithfully and also help to remind you of the year just passed."

Dancing was enjoyed following the dinner.

**Scholarship Loan Fund  
Benefit Nets \$2,000**

The recent "Night of Stars" performance, netted \$2,000 for the scholarship loan fund. Mrs. Clement Winter, the chairman, announced at the annual meeting of the Central Council of Parent-Teacher Association in the Grove St. School. At the same time a committee comprising Ray E. Clements, Mrs. Harry Feldstein, Principal Martin M. Mansperger, J. Wesley Southard and Judge Hilbert R. Johnson was appointed a committee to administer the fund.

Mrs. Feldstein was re-elected president of the Council with Mrs. John W. Dodd and Mrs. T. Redmond McKenna, vice-presidents; Miss Helen E. Ross, treasurer; Mrs. Lawrence Hughes, corresponding secretary and Mrs. Carl A. Sutermeister, recording secretary. Mrs. Joseph Marlon gave an interesting report on the recent Cornell convention in Ithaca, N.Y.

# Appleton's Corner

By NORMAN APPLETON

This column has been devoted for some time to selling nothing in particular—just a little story about ordinary little people such as you and the fellow next door.

If you like to read them, drop in to our store, (the name is APPLETON'S) at 91 So. Main Street, say "Hello," as people have been doing for the past twenty-seven years, and we'll tell you a story. Maybe we can work it into a column one of these days.

Now that the weather has taken a turn for the better, this is the time to turn your attention to your lawn and grounds, seeding the bald spots. If last year's dry weather promoted a lot of weeds in your lawn, now is the best time to give it a treatment of SCOTT'S WEED AND FEED; the \$3.50 size takes care of 2,500 square feet and we'll lend you a fertilizer spreader FREE to apply it with.

For that wedding or anniversary gift that will be remembered forever, you can't go wrong with one or more pieces of REVERE COPPER-BOTTOM STAINLESS ware, a jewel for the queen of the kitchen. Drop into our store and look them over; and if she should receive two or more alike, she can return the one we sold you, for an immediate refund of merchandise or CASH.

Shining chrome and sparkling glass have replaced the pot-bellied stove and the cracker barrel of the hardware store of yesteryear, but here at APPLETON'S we still retain the old-fashioned ideas about neighborliness and friendship and service to the community. We've been solving problems and listening to

## Emergency Medical Plan Put In Effect in Nassau

With Nassau's Emergency Medical service plan in its first week, Dr. Gerard Farinola of the Nassau County Medical Society requested all county residents to communicate suggestions for improving the operation of the plan to the Society's offices in Mineola.

Nassau's round-the-clock service plan is one of the largest emergency plans in terms of population, Dr. Farinola said. His committee, which organized the plan, divided the county's 331 square miles into 26 areas. The division took into consideration the location of the doctors and the density of the population. The county's population which has increased by 600,000 was divided in such a way that it could be served by the 160 general practitioners who have volunteered to participate in the plan.

## L. H. Rahmer Accepts Virginia Bank Post Resigns as Member of Appeal Board; Is Active in S.S.Y.C.

Louis H. Rahmer, 285 South Bayview ave., vice-chairman of the Zoning Board of Appeals and treasurer of the South Shore Yacht Club, is to leave Freeport on June 10 to become vice-president of the Bank of Virginia, of Richmond, Va., one of the largest banking institutions in the state.

Mr. Rahmer, who has been engaged in banking for 33 years, now is senior credit analyst of the Bank of New York and the Fifth Ave. Bank, Manhattan with which he has been associated for 21 years.

Tribute was paid to Mr. Rahmer by Robert L. Dossie and Village Counsel Martin H. Weyrauch, when his resignation from the Zoning Board of Appeals was submitted to the Board at the first May meeting. Both spoke of his faithful service on the Appeals Board. The resignation was accepted with regret.

Mr. Rahmer, who two years ago served as chairman of the swimming committee of the South Shore Yacht Club, has been largely instrumental in reviving swimming for children of the members and meets with other clubs in which the local organization has made an excellent showing. He is a member of the Unity Party and otherwise identified with movements for the advancement of the village's interest.

The banker is married and the father of two daughters. Faith, the elder, a senior at St. Mary's School Garden City, has been awarded a scholarship at Wellesley University, while Muriel is a freshman at the Garden City Institution. The girls have been among the stars of the yacht club aquatic squad.

Bill Ashby's CORNER

People often ask about success in athletics and wonder why one boy reaches the top while another seemingly just as able never quite makes the grade.

I've been interested in this for years because this is the secret for which everybody in coaching is looking and while I've never found it to be very definite I know that it is mental and not physical.

To some, athletics are participated in by people with muscle and not much else, but anyone closely connected to highly organized and complex, competitive, modern sport, knows that the spiritual and the mental attitude angles are all important.

Well let's see now just how local sports fared this past week.

The ball team again climbed to first place in league standings and hopes to be able to gain points in its replay game with Central which has been ordered as a result of a rule interpretation favoring us. After Belmont, 2 to 0, behind the fine pitching of Mickey Simmons.

In the South Shore Trials held at Sewanhaka, Randy Powell's boys did well and qualified Cleary in the mile, Sweeney in the 880, Oliver in the 100 and Ed O'Mally in the shot.

Ed had had the bad luck to come along at the same time as two other year Eds have of 51 plus would be tops.

Saturday the lacrosse team journeyed to Cornwall to play New York Military Academy and came home with a 10 to 3 win. The team as a whole did very well and Carl Simone's mid-field play was outstanding.

And again we must thank some of the Boosters' Club for their help in providing transportation, for without them we could not make these trips.

Charlie Krummel, Len Dobbins and Bill McKenna started out on a jump that began at 8:30 A.M. and ended about the same time that night. From comments made by the boys, the scenery up around West Point made the ride worth while to say nothing of the game itself.

Saturday we will be at home at the Stadium against Manhasset and hope to give you a game worth watching.

This game is something in the nature of an introduction of lacrosse to Freeport and I believe that it can take hold as a spectator sport. It's fast, rough and has plenty of action for the fans. We also hope to raise a bit of much needed money for future equipment.

Until next week. Bill Ashby.

## O'Mally and Cleary Only Survivors In South Shore Athletic League Meet

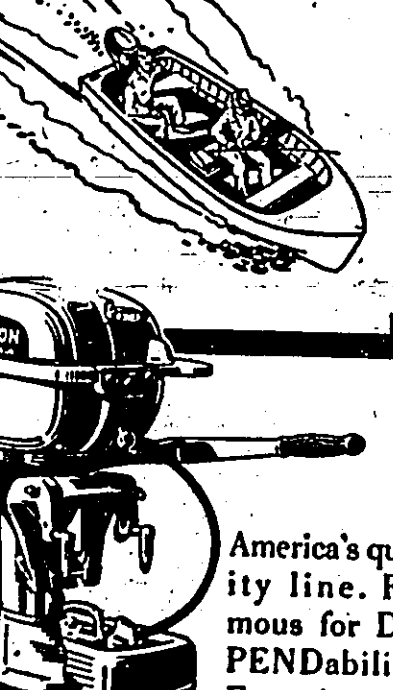

Although four boys and a relay team qualified to enter the South Shore Athletic League Track and Field Championships only Co-Captains Ed O'Mally and John Cleary survived the finals test to garner eleven points between them.

Qualifiers included John Oliver in the 100-yard dash, Berk Sweeney in the 880-yard run, and the 880-yard relay team composed of Oliver, Marshall Rivers, Vincent Boden, and Joe Lynch. Cleary ran the 4:42.8 mile of his track life in O'Mally, beaten by one-quarter inch for second in the shot put, heaved a 50'1" effort. He added another third place with a 137 foot discus effort, again being nosed out for second by one-quarter inch. Both boys are entered in the Nassau County championship on Saturday.

Competing against Sewanhaka and Hempstead, the Freshmen finished a strong third by a score of Hempstead 49, Sewanhaka 43, Freeport 38. Ten boys broke into the scoring column. Tom Forbes, Alex Pappas, and Neal Bitcon were the first place men in the hurdles, pole vault, and high jump, respectively. Forbes also placed third in the 220-yard dash ahead of Richard Laing. Laing ran third in the 220-yard dash, ahead of Humphries. Eddie Turansky managed a third place in the 440-yard run while Gil Fletcher placed fourth in the 880-yard run. Skipper Lewis completed the Devil's scoring in the running events by collecting fourth place in the shot put with Spencer Fisher third. Fisher repeated in the discus with a second place. Larry Ruger placed second in the pole vault while Laing took fourth in the broad jump.

In a closely contested meet Baldwin Freshmen topped Freeport's score by two points, 43½ to 41½. Forbes and Laing ran second and third in the 100-yard dash. Alex Pappas topped in the only double win by turning the 220-yard dash and the shot put. Turansky and Schultz ran second and third in the 440-yard run. Richard Mithauher

### Forest Jewelers Baseball Girls Open Stadium Season On Sunday

The Forest Jewelers Girls baseball team will open its season with a game against the Arthur Murray Girls on Sunday night in the Municipal Stadium. Joseph Goldblatt, of Forest Jewelers, who is sponsoring the competition, has placed a strong team in the field that should provide interesting competition from week to week and thus supply an attraction that will do on Sunday night what mid-get and stock car races have done during the week nights.

Catherine Pakaluk has been elected captain of the team, with Ethel Kunz as co-captain. These girls come from Hicksville. Catherine who was last year's catcher, is to cover second base this season, while Ethel won several prizes as the outstanding player of the 1949 squad. Mary "Mickey" Wette is to catch. She is a resident of Merrick and considered one of the outstanding catchers in Modified baseball.

Ruth Zimmerman, the 15-year-old "Wonder Girl," is depended on to do the bulk of the pitching. She hales from Floral Park.

### F.H.S. Lacrosse Squad Meets Manhasset Indians

In a game sponsored by the Fathers' and Boosters' Club of the Freeport Schools, the Freeport High School lacrosse team will take on the Manhasset Indians, always a top scholastic team in eastern lacrosse circles, Saturday at 2 P.M. in the Municipal Stadium. Freeport's squad also has been doing itself proud and expects to put the north shore contingent to a supreme test.

Carl Simone, Jerry Simandl, Walt Neisvogel, Carmen Chimeri and Joe Masone have been the mainstays of the Red Devils' attack and have been consistent scorers. Charlie Krummel, Charlie Dietrich, Bill Kenny and Joe Conituchi have been the backbone of the defense which did particularly well at the New York Military Academy last week. They held the cadets to three scores, while the visitors counted ten times.

Tickets for the Manhasset contest may be obtained at Gangemi's, Schultz's or Gene's. Admission is 25 cents.

### Henry Von Elm 5 Wins Businessmen's Title
